

## BSCN Website

### **New features: -**

- The website now has a modern web design and user-friendly layout.
- The content has been reorganized and grouped for easier navigation.
- A dedicated members area has been created, providing easy access to all relevant sections.
- We have integrated a new online payment system for the BSCN events.
- An automated annual subscription payment program through Stripe has also been implemented, eliminating the need for standing orders.
- The event section has been updated to allow separate communication with virtual participants and collect detailed feedback from them.
- Improved member's data search option (work in progress)
- Separate page for ATCN (contents will be uploaded once provided by the ATCN)
- Additionally, you will find some new sections on the website, such as Council Members and ECCN2025.

### **How to access the new website?**

You can access the website by using your existing member's login details. Most of the commonly used sections of the website can be accessed through the member's area.

### **What is my subscription option?**

This section of the website will keep you updated regarding the details of your annual membership fee payments. As a first-time user of the new website, you are required to add your payment details to set up a Stripe account for your future annual membership payments (details are on the website).

### **What is my Payment details option?**

Once your Stripe account has been set up, you will have the option to update your card details at any time through this option.

Feel free to contact me if you have any other questions.

Kind regards,

Dr Syed Shah  
BSCN Webmaster
